SOCIAL WORK POSITIONS

About the Community

Davie County is the kind of place where families still spend time together, neighbors are still neighborly and entrepreneurs still chase dreams. Though largely rural, Davie County is developing a growing suburban population who are attracted to our superior quality of life, low cost of living, top-rated school system and community college, state-of-the-art medical facilities, all within close proximity to surrounding cities.

The county's total population is approximately 42,000. The County has 3 incorporated municipalities: Mocksville, Cooleemee and Bermuda Run. Unincorporated areas of the county include Sheffield-CalahaIn, Smith Grove, Clarksville, Ijames, Fork, Advance, Farmington, Fulton, Jerusalem, Cana, Center, Hillsdale, Cornatzer, Bixby and Shady Grove.

Davie County is part of the 12-county Piedmont Triad. It is strategically located in a major transportation corridor including I-40, I-85 and I-77 offering unparalleled goods-to-market accessibility. Businesses choose Davie County for our ideal location, affordable tax rates, convenience to larger metropolitan centers and highly skilled workforce.

Strategic Plan

In early 2017, Davie County Commissioners approved plans to proceed with developing a strategic plan that would not only produce a workable plan for Davie County's future, but also bring to the table, public partners who will play a pivotal role in developing real-world strategies that will ultimately move the county in the direction that is desired by the community at large.

People from all areas of the county have been involved in the initial planning stages of this project, including representatives from the education, non-profit, business, civic and faith-based communities, as well as local leadership. Based on recurring themes that were heard during the initial planning, the following focus areas have been determined as the priorities in the strategic plan for Davie County.

Safe & Healthy
Community

Growth &
Infrastructure

Business
Operations

Quality of
Life & Place

Education

SOCIAL WORK POSITIONS

Children's Services

Child Protective Services are legally mandated for county departments of social services to receive, screen, and provide services for juveniles alleged to be abused, neglected, or dependent.

These services:

Provide placement in a safe home (relatives or foster care) if children are at risk of harm.

Make a prompt and thorough investigation to ascertain the facts of the situation, the extent of the injury or condition resulting from alleged abuse, neglect, or dependency, and the risk of harm to the child to determine whether protective services are required.

Provide services to families to increase safety measures that prevent removal of children from their homes whenever possible.

Collaborate with community agencies who serve the needs of children and families to ensure that appropriate services are provided when available.

Monitor and supervise case progress while planning and coordinating services to children and families.

Adult Services

Adult Protective Services are legally mandated for county departments of social services to provide services to disabled adults who are alleged to be abused, neglected, or exploited.

These services:

Support for care givers of disabled adults and referrals to appropriate agencies to stop abuse, neglect, or exploitation.

Make a prompt and thorough evaluation to ascertain the facts of the situation, the extent of injury or condition resulting from abuse, neglect, or exploitation, and the risk involved to determine whether protective services are required.

Provide placement assistance if the adult is willing to accept services and a risk of harm.

Collaborate with community agencies to ensure that appropriate services are provided when available and accepted by the disabled adult.

Minimum Qualifications

Master's degree in social work from an accredited school of social work; or Bachelor's degree in social work from an accredited school of social work and completion of the Child Welfare Collaborative (Child Welfare positions only); or Bachelor's degree in social work from an accredited school of social work and one year directly related experience; or Master's degree in a human services field and one year of directly related experience; or Bachelor's degree in a human services field from an accredited college or university and two years directly related experience; or Bachelor's degree from an accredited college or university and three years of directly related experience.
